**Name of the Country:** Thailand

**Summary of Report:** Homoeopathic Association of Thailand (H.A.T.) was officially established in year 2009. It was initially started by a group of Thai Homoeopathic physicians who graduated certificate/diploma of Homeopathy. Up to date, we have about 60 homeopathic physicians (including medical doctor, pharmacist, dentist and nurse). The objectives of H.A.T are to provide and support international/national standard education/research of Homeopathy in Thailand, being the national information center related to homeopathy and authorization organization for homeopathic physician in Thailand. In year 2011, H.A.T collaborated with Belgian teacher team continuing to provide '2 Years standard program of Certificate of Post Graduated in Homoeopathy' which, in total, consist of 600 hours education: lecture 22 credits (330 hours) and practice 8 credits (240 hours). Also we collaborate with the Department for Development of Thai Traditional and Alternative Medicine (DTAM) about the action in official legal status for both homeopathic products and homeopathic licenses.

**Members:** 60-Qualified Homeopathic Physician Members and 52-Adherent Members

**Organization:** Homoeopathic Association of Thailand (H.A.T.)
1st Floor DMS 6 Building, Ministry of Public Health,
Tiwanon Rd., Nonthaburi, 11000 THAILAND.
Website: www.thaihomeopathy.org

**Regular Course:** There are three type of study course

1. Five-days Introduction Program of Homeopathy for self-care (15/16 Remedies: Eligibility-for everyone)
2. Two Years standard program of Certificate of Post Graduated in Homoeopathy (Eligibility- Only for health care provider who have health care licenses: medical doctor, pharmacist, dentist and nurse)
3. Continuing Education Program (CE): the program is varied according to the purpose of seminars and target group. In year 2011, we have arrange more than 5 CEs, for example, Tele-conference of Post-Graduated in Homeopathy with Allen college of homeopathy in England (Essex)-Dr.SK.Banerjea, 'Being Success in Repertory: *the varieties of repertory techniques*' By Dr. Roger Van Zandvoort, Cancer and Homeopathy by Dr. A.U. Ramakrishnan etc.

**Activities and Development:** By next two year, we will try to collaborate with education center. Main standard education therefore will be provided by official education center. Then H.A.T will more emphasize on the quality of homeopathic practitioners as well as legal status and its promotion among general population in Thailand. First International Continuing Education will be hosted by us during 3-4th March, 2012. First national meeting among members will be arranged during 7th-10th April, 2012 through volunteer homeopathic camp.

**Publication:** Homeopathic News Letter. It is a news letter launched every forth month. Now we have changed to electronic file which can be access through our website.
