Homeopathy in Russia in 2011.

Report of National Vice President
of LMHI for Russia
Dr. Professor Kiseleva Tatiana
Presented by Dr. N. Zamarenov

In recent times homeopathy in Russia had a number of successes.

1. In January, Russian Homeopathic Society – RHS – conducted 21-th Moscow International Homeopathic Conference.
2. All-Russian National Council for Homeopathy, continued its work on the development of Homeopathy in Russia.
3. In July, the National Council for Homeopathy have conducted a special seminar with representatives of public associations, organizations, training centers and manufacturers of homeopathic remedies in connection with a wave of publications in the official media, including professional medical press, and in connection with a number of articles with unfounded attacks on homeopathy.
4. The Russian Homoeopathic Association – RHA – holds it's every-monthly homeopathic seminars free of charge. This year it was selebrated 15 years Anniversary of these seminars.
5. In November, 18.11.2011 usual Day of Homeopathy in Russia took place in Moscow. The main organizer of it was the National Council for Homeopathy and the Professional Association of Physicians and Naturotherapeutists.
6. In 2010 it was approved a new edition of the Federal Law "On the circulation of drugs." The law defined a homeopathic remedy, as a remedy, prepared by specific homeopathic totechnology. This time, National Council for Homeopathy is working under the subordinate documents.
7. Currently, the Federal Law "On the basis of health protection in the Russian Federation" is adopted 22.11.2011 by President of Russia D.Medvedev with the chapter on conventional medicine (CAM).
   Members of National Council for Homeopathy, Russian homeopathic association and Russian homeopathic society participated in working groups during elaborating of laws.
